

These are un-official, non-detailed minutes from the General Membership Meeting held on July 28, 2001. This has been pulled from the memories of people at the meeting. No minutes have been made available from the previous Secretary of TMTC.

Election of Board Members was the primary agenda item. Voting was done by written ballot and per previous by-laws. The new by-laws are now fully in effect and future elections will be held per the new by-laws. Two members selected from the general membership counted all votes.

Kevin Curry and David Rebbin counted all votes.

Grant applications that have been presented to the State Of Texas (one environmental and the other for the possible purchase of property west of San Antonio) were discussed. No outcome expected until after September 30th.

There was a large discussion about entry fees to BMRA. Many different opinions. Most felt that we needed a daily rate (as opposed to a weekend rate). All agreed that the rate did not have to go down, it just needed to change from a mental perspective. The membership asked the Board to review the gate fees and make an informed decision.

Members of Jeeps Of East Texas asked that we show appreciation for Jerry Paul Higgins who has done many things at BMRA.

Jack Slack commented that he now had answers to most of the questions their club had asked in a letter to TMTC. But that they (Members of Jeep of East Texas who are also members of TMTC) would like to see a more substantial treasurers report in the quarterly newsletter or at least be made available for those that are interested.
